Dear Mr. Turner,

Thank you for taking the time to speak with me earlier today. As I mentioned, I represent Gardner Denver, Inc. with respect to the Clayton Chemical Site (the "Site"). I contacted you earlier today in response to the PRP Notice Letter of September 27, 2005, that EPA sent to Gardner Denver regarding the Site. The reason for my call was to confirm that no further response to your letter was required in light of Gardner Denver's execution of the Administrative Settlement Agreement and Order on Consent for Removal Action as a Non-Performing Respondent.

You indicated that Gardner Denver need not take any further action at this time, and suggested that I close the loop by sending this email. Please let me know if you have any questions or if you need any additional information.

Thank you for your assistance in this matter.
